Mechanical Engineering Major

I'm a motivated Mechanical Engineering student seeking an internship to apply my skills and make meaningful contributions to a dynamic team, with a strong work ethic and technical proficiency.

TECHNICAL SKILLS

LABORATORY: Programming Microcontrollers • Rapid prototyping • Precision Machining • Microsoft software

SOFTWARE: C • C++ • C# • Python • MATLAB

Machine Learning Tools: Pytorch • Colab Notebook

CAD/CAM: Solid Edge • SolidWorks • AutoCAD • Autodesk Inventor • CNC • 3-D Printers

EDUCATION

Alabama A&M University- Normal, AL

May 2026

Bachelor of Science in Mechanical Engineering (BSME) GPA: 3.0/4.0

Minor of Science in Computer Science (MSCS) GPA: 3.0/4.0

University of Alabama of Birmingham - Birmingham, AL

August 2018

School of Engineering **Received Certificate for Automated & Robotics**

WORK EXPERIENCE/RESEARCH PROJECTS

Boys and Girls Club of North Alabama

Huntsville, AL

August 2024 – Present

STEM Intern

- Provided children from underprivileged backgrounds with hands-on, learning experiences which provided kids with critical thinking, problem-solving skills, and an interest in STEM fields.
- By incorporating The First Robotics LEGO® League, challenge children can learn how to communicate and conduct research effectively.

National Center for Supercomputing Applications (NCSA)

Urbana/Champaign, IL

May 2024 – July 2024

Research Intern

- Worked under professor supervision at the National Center for Supercomputing Applications to develop a method for analyzing cracks in concrete to correlate them with a load.
- Utilized PyTorch and Colab Notebook for model training different segmentation models to run a large dataset on cracks in concrete.

Alabama Agricultural and Mechanical University

Normal, AL

August 2023 – Dec. 2023

Data Analysis

- MATLAB will be used to analyze the given data and execute the code to display the intended output.
- Collaborated with Dr. Gira to come up with a cohesive conclusion.

Alabama A&M Special Projects Laboratory

Normal, AL

October 2022 – July 2023

FORMULA SAE - Project Supervisor

- Integrated Arduino controllers for optimal performance and system control within the vehicle.
- Conducted performance evaluations and testing of vehicle systems, providing insights into propulsion and mechanical efficiency

ROVOR PROJECT (NASA) - Test and Evaluation Engineer

- Analyzed the rover chassis and its various components.
- Presented the full research results and confidently represented the team.

City of Irondale Public Works

Irondale, AL

May 2022 – Aug 2022

- Assisted in maintaining operational safety standards and troubleshooting equipment to prevent failures.
- Managed facility upkeep and was available for urgent, hands-on troubleshooting.

Memberships & Certification

- National Society of Leadership and Success (NSLS)
- AAMU Engineering Dean's List 2023
- PLTW Computer Science and Engineering Academy
- Society of Automotive Engineers (SAE) Member
- National Society of Black Engineers (NSBE)
- AAMU Marching Maroon and White Band (Tuba)
- Revit Autodesk Certified User
- Inventor Autodesk Certified User
- Certificate in Automation & Robotics
- Certificate in Trojan Safe Computers
